

# 20 Annual 22/23 Report Card

## Thank you!

USASF's growth during the 2022-23 season has been remarkable, and we couldn't have done it without your participation. With over 160,000 members like you joining our community, we continue to be recognized as the leading organization in All Star. We take pride in your confidence in our ability to provide positive and rewarding experiences for All Star athletes.

## What we do

We set the highest standards to provide consistent rules, education, registration processes and rostering solutions that strengthen accountability and promote fair play in our sport all across the country.

## How we get it done

We are a not-for-profit corporation governed by a volunteer Board of Directors and 15 standing committees. The daily operation of the USASF is handled by full time and part time staff.

## What's next?

We are excited about the opportunities ahead and look forward achieving great things together with you! As we reflect on the successes of last season, we are reminded of the significant impact we've had in supporting and enriching the lives of All Star athletes and members. We are eager to build on this momentum and collaborate with you to continue making a positive difference in the All Star community.
