

CURRENT MEMBER REPORT ACCESS

12/1/2022

Many of you have asked for additional resources that can be used to determine what Clubs and associated locations are current USASF Members. We have created a report specifically for you that is very easy to use, and it is updated in real-time as Clubs join.

To access this report: (screenshots attached)

1. Log in to the EP Organization Admin account (this report can only be accessed by the admin - not EP staff)
2. Click the **Reports** tab at the top of the page
3. Click the **All Paid Locations** report at the bottom of the list
4. Click **Generate**
5. Download the report into excel

The report is currently listed alphabetically by club name. We are working on formatting, and the ability to sort by state. We wanted to get you access as soon as possible - further upgrades are imminent

Additionally, here are some simple resources that we have put together for quick access to check eligibility and research people who may be on restricted or ineligible lists.

EP FAQ for Athlete Protection

Q. How do I know if someone is on the **USASF Restricted and Ineligible List**?
