

# L.2 | Week 2 Lesson Plan

This lesson is based on a one hour class. Please add or take Skill Modules away to increase or decrease the class time as needed.

## Modules Needed for this class:

- MOTIONS:** **Module M.4** - High Touch Down, Low Touch Down
- JUMPS:** **Modules J.1** - Understanding Engaging the Core  
**Module J.2** - Approach  
**Module J.3** - Low Clasp / Athletic Stance  
**Module J.4** - Arm swing to Strong T  
**Module J.5** - Straight Jump with Strong T
- BUILDING:** **Module B.1** - Body Positions on Performance Floor  
**Module B.2** - Hang Drill 1 Foot Load  
**Module B.3** - Show and Go
- TUMBLING:** **Module T.1** - Near and Far Arm Cartwheel  
**Module T.2** - Blocking  
**Module T.3** - Front Walkover  
**Module T.4** - Back Walkover  
**Module T.6** - Hurdle  
**Module T.13** - Forward Roll
- TRANSITIONS:** None used this week
- CONDITIONING:** **Module C.1** - Shoulder Lifts  
**Module C.10** - Bird Dog  
**Module C.17** - Single Leg Lifts in Sitting Pike - One Leg Bent
- FUN ACTIVITY:** Select an age appropriate game from **8 MINUTE ACTIVITIES**

## Let's Get Started!

Have the athletes circle up. If you have small carpet squares or circles, they can each sit on their own colored mark.

Attendance - 3 min

Stretching - 5 min

### Straddle Stretch

Sit in a straddle and have athletes "roll out pizza dough." Ask them to "roll" the dough to both feet and as far out in the middle as they can. Have them choose toppings to put on their pizzas and make sure the toppings reach both feet. See if they can touch their nose to each knee as they place toppings on their feet. Put the pizza in the oven by having the athletes slide their hands away from them and lay their stomach on the ground when they reach out to the center.

## Stretching Continued

### Pike Stretch

Have athletes sit in a pike with pointed feet. Have them pretend their fingers are “spiders” and then walk the spiders down their legs to tickle their toes. Then have the athletes flex their feet. Now their “spiders” need to walk down their legs and try pull their toes back towards them to lift their heels off the ground.

### Butterfly Stretch

Sit with the balls of your feet together, knees laid open. Have your hands grab your ankles. Go around the circle and have each athlete take turns deciding where their butterflies are going to fly. Have them lean to the right and left, have them put their brakes on by using their elbows to push their knees down farther. Then have them “smell a flower” by bending over and putting their nose on their toes.

### Hip Flexor Stretches Right and Left

1. Kneel on one knee. Hands on hips. Push the hips down and forward. Hold for a few seconds.
2. Push hips back and straighten the front leg / point the front toe. Bend forward laying the chest on the leg. Reach your hands forward past the front foot. Hold.
3. Switch Sides.

### Split Stretches, Right, Left and Center

Right and Left Splits: Have the athletes kneel on one leg with the hips straight over the supporting knee. The leg in front needs to straighten and “slide” forward. Keep the chest tall. As the front foot slides the hands will reach for the floor on either side of the hips. Keep the back knee on the floor and hip turned under. Do not “roll” the hips out and open.

Center Splits: Have the athletes start standing in a Straddle. They need to slide their feet out and away from each other while keeping the legs straight. The hands will reach in front of the hips for the floor. Once an athlete has the flexibility to get their hips close to the floor have them rest on their forearms / elbows. Once they are flexible enough to be all the way on the floor have them lay on their stomachs with their arms folded under them or reaching out to the sides in T arms.

### Table Top or Bridge / Tuck and Rolls

Have the athletes push up into a Table Top (TUMBLING Module T.9) OR

Bridge Up - Start laying on your back. Make “mountains” out of their knees and elbows.

Push stomach up to the ceiling and push shoulders and head off the ground. THEN

Have them come out of the table top / bridge and hug their knees into their chest. They need to roll back from the sitting hug to their upper back and then back to a sitting hug. Repeat 2-3 times.

# L.2 Week 2 Lesson Plan

## Motion Drills - 8 min

**Module M.4** - High Touch Down, Low Touch Down

Follow the Module. Review all of the arm motions with the arm motion counts and add this arm motion into the sequence.

## Jumps - 10 min

**Modules J.1** - Understanding Engaging the Core

**Module J.2** - Approach

**Module J.3** - Low Clasp / Athletic Stance

**Module J.4** - Arm swing to Strong T

**Module J.5** - Straight Jump with Strong T

Review the selected Jump Modules and add the Straight Jump into the sequencing. Work on seeing how tight and sharp they can hit the motions.

## Building / Pyramid - 15 min

**Module B.1** - Body Positions on Performance Floor

**Module B.2** - Hang Drill 1 Foot Load

**Module B.3** - Show and Go

- Focus on the Target Position and Lib Position for B.1.
- Review the Selected B.2
- If the Top People are able to hold themselves in a load / hang drill then add Module B.3. Work on the Top Person keeping their feet and legs squeezed together!

## Tumbling/Conditioning Circuit - 15 min

Set-up a circuit that includes the Modules listed above. The instructor should SPOT the Cartwheel (T.1). Make sure the instructor places this station so their back is NOT to the other stations. They need to not only SPOT but look up and give corrections to the other athletes at their stations.

**Module T.1** - Near and Far Arm Cartwheel - *Perform the drill as described in the Module. Set up hands or tape marks where the athletes should place their hands. Have them Cartwheel over a stacked panel mat. INSTRUCTOR SPOTS HERE.*

**Module T.2** - Blocking - *Perform the drill as described in the Module.*

**Module T.3 / T.4** - Front Walkover & Back Walkover - *Perform the drill as described in the Module. Use a barrel and have them use the barrel to do Front and Back Walkovers in one station.*

**Module T.6** - Hurdle - *Perform the drill as described in the Module.*

**Module T.13** - Forward Roll - *Perform the drill as described in the Module. Use a wedge mat to roll down.*

**Module C.1** - Shoulder Lifts - *Perform the drill as described in the Module.*

**Module C.10** - Bird Dog - *Perform the drill as described in the Module.*

**Module C.17** - Single Leg Lifts in Sitting Pike - One Leg Bent - *Perform the drill as described in the Module*

## Fun Activity - 8 min

Select an age appropriate game from **8 MINUTE ACTIVITIES**

Have athletes place a sticker on their Skills Chart.
