Statement from USASF

Memphis – September 16, 2020 - Athlete safety is the number one priority of USASF. We work in close partnership with member gym owners, event producers, program owners and coach members to follow the highest standards of care for young athletes. Like many organizations, however, we know there is always room for improvement. The threat is always evolving and so, too, must our response. USASF is committed to continued improvement in our athlete safety programs and addressing concerns brought to our attention.
