

CHAMPIONSHIP EXPERIENCE UPDATES

READ BEFORE YOU REGISTER!

PARK RESERVATIONS

- **NEW:** If you purchase a Magic Your Way Ticket with Park Hopper® Option, you will be able to make a reservation for at least one of the theme parks. It's possible that some parks may reach capacity so we strongly recommend you register and pay early so you may book your reservations.
- To help manage park capacity, the Walt Disney World Resort has introduced the Disney Park Pass System, a new theme park reservation system. Once you register and pay in full, you will receive a ticket order confirmation number in 7-10 business days. The confirmation will include details on how to make your reservation, including how to create your account, make park reservations and how to use MagicMobile.
- To make theme park reservations, you will need a My Disney Experiences account and valid theme park admission linked to it. Then, simply log into your account and select the dates and theme parks you wish to visit. To enter a theme park, both a reservation and valid admission for the same park on the same date are required. Please note that reservations are limited in capacity, subject to availability and not guaranteed until confirmed.
- If your top choice park reaches capacity, you can make a reservation for another park and then "hop" to your top choice after 2 pm that day.
- Please note that NO changes or upgrades are possible after ticket orders have been placed. And remember, no Disney Park Hopper tickets will be sold on-site at Worlds.

PREPARING FOR TRAVEL

- Athletes and coaches MUST complete and turn in release waiver forms in Orlando. Spectators are not required to complete release waivers.
- All attendees are expected to consider whether travelers are or will be fully vaccinated for COVID-19 before trip dates. According to CDC guidelines, persons completing COVID-19 vaccinations should wait two weeks before traveling. Vaccinations are not required. Proof of vaccinations will not be collected by or provided to Disney or USASF/IASF staff.
- All attendees are expected to confirm that each traveler who is not fully vaccinated has a negative viral test taken within one to three days before travel. Test results will not be collected by or provided to Disney or USASF/IASF staff. Members of your group with confirmed positive test results cannot travel to the Walt Disney World Resort.
- It is expected that each traveler who is not fully vaccinated 14 days before travel will follow strict CDC guidelines to reduce exposure to COVID-19. These guidelines include: physical distancing; wearing face coverings outside the home; avoiding unnecessary travel; and refraining from indoor social gatherings with people outside their household.

- Before traveling to Florida, please review any advisories or restrictions that may be in place for travel to Florida. [Click here](#) for information.
- Stay home if you:
 - are experiencing any of the following symptoms of COVID-19 identified by the CDC: cough, shortness of breath or difficulty breathing, fatigue, fever or chills; muscle pain or body aches, headache, new loss of taste or smell, sore throat, congestion or runny nose and new onset of nausea, diarrhea or vomiting;
 - have been in contact with someone with confirmed or suspected COVID-19 symptoms without completing a 14-day quarantine; and/or
 - are under any self-quarantine order.

SAFETY CHAMPION

- Each team, whether on a hotel travel package or commuter package, MUST designate one person (other than the head coach) to be the Safety Champion. This person must be over 18 years of age and willing to participate in additional safety training from the Walt Disney World Resort prior to the event. A program bringing multiple teams must designate a different individual for each team.
- Each Safety Champion will be confirmed upon registration in Orlando. Their responsibilities will include (but are not limited to) ensuring the team's athletes, coaches and spectators follow the health and safety requirements such as face coverings indoors, etc.

EXPERIENCE UPDATES

- Face coverings are required in all indoor locations for all guests (ages 2 and up), regardless of vaccination status. This includes upon entering and throughout all indoor venues, attractions and indoor queues, Disney buses, monorail and Disney Skyliner and in the Championship tents. This includes athletes except when on the practice and performance floors. Face coverings are optional for guests in outdoor areas. To learn more, please visit <https://ltdisneyworld.disney.go.com/experience-updates/>

SPECTATOR VIEWING

- At this time, spectator viewing is not limited but we will continue to monitor the situation. Spectators must wear face coverings while inside all venues and Championship tents and comply with Disney's face covering policy.
